Class Outline & Syllabus

AutoCAD Architecture Update for 2010 Users

Course Length: 1 day (8 hours)

Objective: Students already familiar with AutoCAD Architecture 2010 will be introduced to the new features in AutoCAD Architecture. This course is designed to further develop the user's knowledge of AutoCAD Architecture on the enhancements and changes made in AutoCAD Architecture.

Prerequisites: It is recommended the student possesses a working knowledge of AutoCAD Architecture 2010 of the Intermediate or Advanced levels.

Cost: \$325 per day plus a \$100 fee for a manual which must be purchased for enrollment.

Agenda:

- Ribbon GUI
- Tool Tips (Extended Help pop-up & FI)
- Seek.Autodesk.com
- Wall Cleanup (Edit in Place)
- Edit Wall End Cap (Fillet & Chamfer)
- AEC Dimension Text Flip
- Space Separator Tool

General Information

- Lunch is included.
- Class is from 8:30 a.m. to 5:00 p.m.
- Students will receive a certificate upon completion.
- After completion of an entire class, students may audit the same class for one year, if space is available in the class.
- The entire class is purchased at one time, but individual days may be attended sequentially over several months.
