

AutoCAD® Update for 2011 Users

Objective: Introduction for AutoCAD® 2011 users to the enhancements in the AutoCAD® program including model documentation tools, Autodesk® Inventor® Fusion, point cloud support and associative array. Learn how to utilize the expanded workflows for conceptual design, model documentation and reality capture. Also learn to import non-AutoCAD® 3D formats including Inventor®, SolidWorks®, Pro/Engineer®, CATIA® and others.

Course Length: 1 day (8 hours)

Day 1

- Interface & General Enhancements
- Command Enhancements
- Parametric Drawing
- Output Updates
- Customization Updates

- Lunch is included.
- Class is from 8:30 a.m. to 5:00 p.m.
- Students will receive a certificate upon completion.
- After completion of an entire class, students may audit the same class for one year, if space is available in the class.
- The entire class is purchased at one time, but individual days may be attended sequentially over several months.

Prerequisites: Familiarity with AutoCAD® 2011.

Cost: \$325 per day plus a \$100 fee for a manual which must be purchased for enrollment.

Continuing Education Units

Ask Repro Products about earning credits for mandatory Continuing Education classes (including the American Institute of Architects - AIA) and other professional development programs.

Advantages to Training at Repro Products' Autodesk® Authorized Training Center:

- Learn from highly qualified instructors at our superior facilities.
- Receive Autodesk® recommended content from Autodesk® Official Training Guides.
- Get your hands on sample projects and exercises that emphasize real-world application.
- Earn a valuable certificate of completion that's recognized in your profession.
- Validate your product knowledge by getting Autodesk® Certified when you take a certification exam at Repro Products.

Call 678-486-3171 to schedule your training.
