

# Learn How to Better Account for Your Wide Format Printing, Copying & Scanning

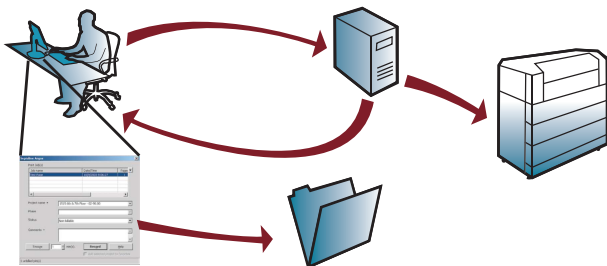

Do you know how much it costs your firm each month to print and copy in wide-format and other print devices? Are you spending hours each month trying to figure it out?

How would you like this information at your fingertips at all times AND save a monthly minimum of \$200 per employee? If you do, you need to join us on November 14.

Repro Products and Sepialine, the leading print and copy tracking application for the AEC market, are hosting a 30-minute Webcast on November 14, 2006 at 9:00 a.m. to discuss cost recovery for wide-format: what it means to you and what you can and should do to save time and money.

**It's All About Workflow**

**What: Cost Recovery Webcast**  
**When: Tuesday November 14th at 9am**  
**Where: Your Computer**  
**To Register: 678.486.3166**  
**or [marketing@reproproducts.com](mailto:marketing@reproproducts.com)**

As you watch and listen from the convenience of your desk or conference room, we'll cover:

- How to Measure the Cost of Printing, Copying, Printing and Scanning
- 'Cost' versus 'Charging' to Focus on Profits
- Best Practices: Ideas and Concepts You Can Begin to Implement Today

To register, please e-mail us at [marketing@reproproducts.com](mailto:marketing@reproproducts.com), and we'll send you the Web link, password and dial-in information.

If you want to better track your printing and copying as well as save money, you can't miss this Webcast. Register today!
