FOR IMMEDIATE RELEASE

REPRO PRODUCTS, INC. EARNS AUTODESK CONSULTING SPECIALIZATION

Autodesk Partner Now Providing Consulting Services and Expertise

SMYRNA, GA, July 21, 2011 – REPRO PRODUCTS, INC. today announced that it has earned the new Consulting Specialization designation for value added resellers from [Autodesk, Inc.](#), a world leader in [3D design](#), engineering and entertainment software. As an Autodesk Consulting Specialized Partner, Repro Products has shown that they have made significant investment in their people, they have a solid consulting business plan, they have reference-able customers, and that they offer a high level of knowledge and support to customers in the architecture, engineering and construction (AEC), government and manufacturing industries.

The new Autodesk Partner Specializations enable partners to highlight and brand their expertise in delivering services in key industry areas. By completing the required curriculum and training, as well as meeting required levels of service and standards set by Autodesk, Repro Products demonstrates through their strong customer service and support in sales what it means to be a trusted adviser to Autodesk customers throughout the world.

“We are happy that Autodesk has created a specialized program recognizing our technical service capabilities,” said Robert Feldberg, President of Repro Products. “Combined with our years of Platinum recognition from Xerox, the official Autodesk status ensures our clients have the utmost in design and process assistance from idea to design, print and distribute.”

About Repro Products, Inc.

Repro Products, Inc. has been an Autodesk Reseller since 1994 and is the premier provider of custom Autodesk solutions across the architecture, engineering and construction (AEC), government and manufacturing industries. Repro Products, founded in 1979, is also an Autodesk Authorized Training Center (ATC) and Autodesk Authorized Certification Center. As the only reseller in Georgia that offers a complete solution to clients, Repro Products accommodates not only Autodesk software needs, but also document management and imaging requirements with a planroom, production facility and full array of printers, plotters and copiers.
