

THINK BROADER.
PRINT FASTER.

WITH THE
HP PAGEWIDE XL PRO
PRINTER SERIES

High-speed and cost-effective
solution for short-term
poster production¹

We know that your true north is keeping clients happy – especially when returning customers can help make or break your business – but this often means taking on short runs at a loss. Even though some have accepted this as part of the cost of getting more business, we certainly haven't. Keep saying 'yes' to clients and help make every single print job profitable with HP's PageWide XL Pro technology. Now we want to empower you to take things even further.

PRINT FASTER.

Help make any job profitable, even short-runs, with high-speed HP PageWide XL Pro Printers.

MAXIMUM TURNAROUND TIME

Respond immediately to your customer requests. Finish or deliver right away with instant-dry prints on compatible substrates with breakthrough speeds up to 700 m² or 1,000 B1 posters per hour² and consolidating the capacity of your fleet into a single device that prints different sizes.

HELP MAKE EVERY SINGLE PRINT JOB PROFITABLE

This is an affordable investment for retail poster production.¹ Save operator time with an easy-to-maintain system and user-replaceable printheads. Get set up in less than 5 hours.³ Keep fleet control on-site and remotely with HP PrintOs.⁴

ADD VARIETY TO SHORT-TERM POSTERS BY PRINTING APPLICATIONS DIRECTLY ON ROLLS, SHEETS AND BOARDS

Enjoy an end-to-end cut-sheet workflow—and fast two-sided cut-sheet with the first HP large-format auto sheet feeder and versatile stacker with simple instructions¹. Use a variety of sizes of paper, cardstock, and boards—from A2 up to B1, and thickness up to 10 mm (3/8 in).¹

DISCOVER THE POSSIBILITIES

Temporary posters

Deliver fast results with vibrant colors

Communication boards

Explore new creative applications with boards or cardstock

Double-sided hanging posters

Quickly produce posters with great dual side registration

WIDE OPEN

The advanced technology of the HP PageWide XL Pro

**Remote monitoring
with HP PrintOS⁴**

**15-inch front panel
for easy operation**

Input tray to enable new applications
Print on boards, cardstock or sheets.

Print an entire page in a single pass
The stationary 40-inch (101.6 cm) printbar spans the whole printing width thanks to its 8 identical printheads.

**Up to 5-liter
ink cartridges**
Experience cost-effective, unattended sustained production capacity.

Sheet feeder accessory
End-to-end cut sheet workflow supporting B1 sheets up to 2-mm (0,07-in) thickness

Pro Stacker accessory
Neatly collect your jobs

Automated production
Fully integrated large-format sheet feeder and Pro Stacker help speed up your workflow.

SMART PRINTING

We want to provide more than high-speed quality prints, we want to provide you with solutions. That's why we created advanced software applications for the HP PageWide XL Pro printers to help boost productivity, ease collaboration, and optimize your workflow in a simple and intuitive way.

HP SmartStream

Job submission tool—two times more efficient⁵

- Enable automatic nesting for dual side jobs on sheets and boards
- Print dual side sheets and boards in an optimized workflow with automatic flip.
- Apply horizontal or vertical mirroring to your images
- Automatically generate QR Codes as a stamp and add them into your job

HP PrintOS⁴

Control your fleet production – even when you're away

- Get immediate notifications of issues that prevent you from printing
- Access and download job information
- Monitor printer status and ink levels

RIPs

Same job submission workflow as your other graphics equipment

- Compatibility with Onyx and Caldera RIPs
- You can externally import ICC profiles from RIPs to adjust to your preferred ICC colors

SUSTAINED DESIGNED

The PageWide XL Pro printers are designed for sustainable impact while producing quality prints.

Our printers are made with up to **25% recycled plastic**, including some ocean-bound and closed loop plastics collected from HP Planet Partners. As well as energy efficient ENERGY STAR® certified and EPEAT® registered for environmentally preferable electronic products. The water-based HP PageWide XL pigment inks create durable prints while meeting stringent health and environmental criteria with UL ECOLOGO certification and verified for Nordic Swan Ecolabelled printing companies.

Easy to recycle, carton-based ink cartridges are used instead of plastic-based ones. The 1 liter Eco-Carton is an **80% reduction in plastic and a 66% CO₂e reduction** when compared to the plastic one. When empty, simply separate the outer carton from the inner ink bag. Place the carton in your local paper / cardboard recycling bin.⁶ Inner materials including the ink bag are 55% recyclable and can be returned free of charge to the HP Planet Partners program for reprocessing of plastic parts with zero going to landfill. The HP PageWide XL printhead is also returnable to HP Planet Partners.⁶

HP paper-based media are designed with the environment in mind. All are **100% sustainably** sourced from well managed forests with Chain of Custody certification.⁵ And printed PageWide XL paper-based prints can be recycled in your local mixed paper recycling bins.⁶

HP PAGEWIDE XL PRO ACCESSORIES

Complement your printer with the following accessories to free up resources and increase productivity:

Sheet feeder

Take productivity to the next level with this fully integrated large-format sheet feeder.

Pro Stacker

It's just what you need to speed the entire printing process. Easily and neatly stack a wide variety of jobs, from sheets to boards—of different thicknesses, sizes, and weights.

Drawers

Save time loading media and increase your capacity with additional drawers.

¹ Based on the HP PageWide XL Pro 10000 Printer.

² The HP PageWide XL Pro 10000 Printer delivers up to 700 m2 or 1,000 B1 posters per hour. Number of pages will vary depending on the print mode and application printed.

³ Based on the HP PageWide XL Pro 10000 Printer. Conclusion based on internal HP testing, October 2020, measuring the time required to set up the printer. Time measured after unpacking the printer to connectivity check.

⁴ Requires an HP PrintOS account, Internet connection, and connected Internet-capable device. For more information, see www.printos.com.

⁵ Based on testing commissioned by HP and performed by Sogeti in September, 2020 comparing the HP PageWide XL 8200/5200 Printer series and a comparable competitive printer that represents the majority market share of LED printers worldwide as of 2019 according to IDC, by preparing and printing the job. Test performed by sending 3 copies of a 6-page file combining sizes A0, A1 and plain, coated paper types. Measuring time from clicking "send" button until last page out of the printer. Printed in fast/CAD equivalent print quality mode.

⁶ The ink cartridge outer carton is 100% recyclable through local cardboard/paper programs. Customers should consult your local waste authorities on appropriate disposal. For free take-back of inner ink bag and printheads, visit hp.com/recycle to see how to participate and for HP Planet Partners program availability; program may not be available in your jurisdiction. Where this program is not available, and for other consumables not included in the program, consult your local waste authorities on appropriate disposal.
