

Maximize your write-offs and improve your bottom line

Buy (or lease) a piece of qualifying hardware or software and deduct the **FULL PURCHASE PRICE*** from your gross income.

100% Bonus Depreciation in 2021 may be used for new or previously owned equipment (as long as it is "new to you").

NOTE: To be eligible for a 2021 Section 179 deduction, the equipment must be purchased and put into service by midnight 12/31/2021. To mitigate possible supply issues, Repro Products has secured a large in-stock inventory of equipment, ready for delivery and installation prior to the end of the year deadline.

Keeping your
PROFITS
in 2021?

Here is an example – say, you acquire hardware for \$25,000:

Qualified Capital Value	\$25,000
Capital Expense – Sect. 179	\$25,000
Total Deduction for 2021	\$25,000
Tax Cash Savings 2021 (@ 35%)	\$ 8,750

Net Lower Cost w/Tax Savings \$16,250

These are only guidelines and any calculations are for illustrative purposes only. You should consult your own tax and financial advisors to review and assess the factors that may apply to your business and tax situation.

Leasing and Section 179

Did you know that your company can lease equipment** and still take full advantage of the Section 179 deduction?

In fact, leasing equipment and/or software with the Section 179 deduction in mind is a preferred financial strategy for many businesses, as it can significantly help with not only cash flow, but with profits as well. You can deduct the full amount of the equipment, without paying the full amount this year. **The amount you save in taxes can actually exceed the payments**, making this a very bottom-line friendly deduction.

*2021 deduction limit is \$1,050,000 and 2021 limit on equipment purchase is \$2,620,000.

Software subscriptions do not qualify, but purchases of software such as Bluebeam, Printerpoint and PaperCut do qualify.

**Not all lease types qualify for Section 179.
